

# Ambitious Accountants

---

## *Excellent Development Opportunities*

*Cheshire*

Acquisitive, with a global reach and reputation, our client is a leading independent manufacturer of added-value, speciality products for a wide variety of end-user applications. A track record of innovation, covering both traditional and emerging markets, combined with a strong commitment to investment, continuous improvement and customer service, have been hallmarks of its success within a highly competitive market. As an integral part of its long-term growth and development strategy, the company now wishes to appoint two ambitious, high calibre finance professionals to help provide enhanced leadership and direction to the finance function across the business.

### **Financial Controller (9/FT/04/C)** **To £45k + Bens**

Working closely with senior management across the business, as part of a compact, focused and ambitious financial management team, you will contribute strategically, commercially and operationally towards the achievement of business objectives. As well as ensuring the timely and accurate production of financial and management information for profit centres within the UK and overseas, you will be responsible for budgeting, forecasting, cost control, tax and treasury activities, as well as risk management, amongst other matters. In addition, you will proactively analyse and address key business drivers and performance indicators, ensuring that the necessary internal controls, systems and procedures are in place to achieve

best practice and optimum profitability for the business. You should possess a minimum of 3 years' PQE within a relevant, fast moving manufacturing or process industry environment, being able to demonstrate an impressive track record as well as strong leadership skills.

### **Financial Accountant (9/FT/04/A)** **c£30k + Bens**

You will have a challenging and wide-ranging remit, being involved in all aspects of financial accounting and helping to support the business commercially and operationally. This will entail the preparation of consolidated management and statutory accounts, the preparation and monitoring of budgets, forecasts and variance reports, working capital management, as well as assisting with tax and treasury matters and contributing to ad-hoc projects. You will be newly or recently qualified, possessing good technical abilities, together with the determination to secure a good career development opportunity within a progressive environment.

For both roles, you will be ambitious, self-motivated and commercially aware, with strong interpersonal skills, energy and enthusiasm. Team and results oriented, you will also have well-developed analytical, organisational and influencing abilities, together with the drive, stature and tenacity to succeed in a demanding, international environment.
